

Link Romania Shoe Box Appeal

Shoebox Journey

To help things go smoothly here are some tips given to us by supporters in previous years.

- 1 Please encourage everyone to fill in a Gift Aid Form. It makes so much difference to the amount of money that goes to the projects in Romania.

- 2 Please check the boxes and remove the coins and Gift Aid forms ready for completing the Delivery Note

- 3 Please ensure that there is a contents list on each box and each box is secure, they have a long way to go!

- 4 Please complete the Delivery Note, with all the required information. This is very important especially in generating Thank You posters.

- 5 If at all possible load your shoeboxes into cartons. Try cartons or 'fruit' trays from the supermarket, they hold about 4 or 5 shoeboxes and protect them whilst in transit.

Thank you for all your help. The cartons are packed onto 40 tonne articulated trucks and shipped to our contacts in Eastern Europe who distribute them to the poor and needy families.

Please photocopy this form if more are needed
